- Directed >70 Phase 1-4 clinical trials in the US, Australia, Canada and throughout Europe
- Published >100 ophthalmic scientific articles

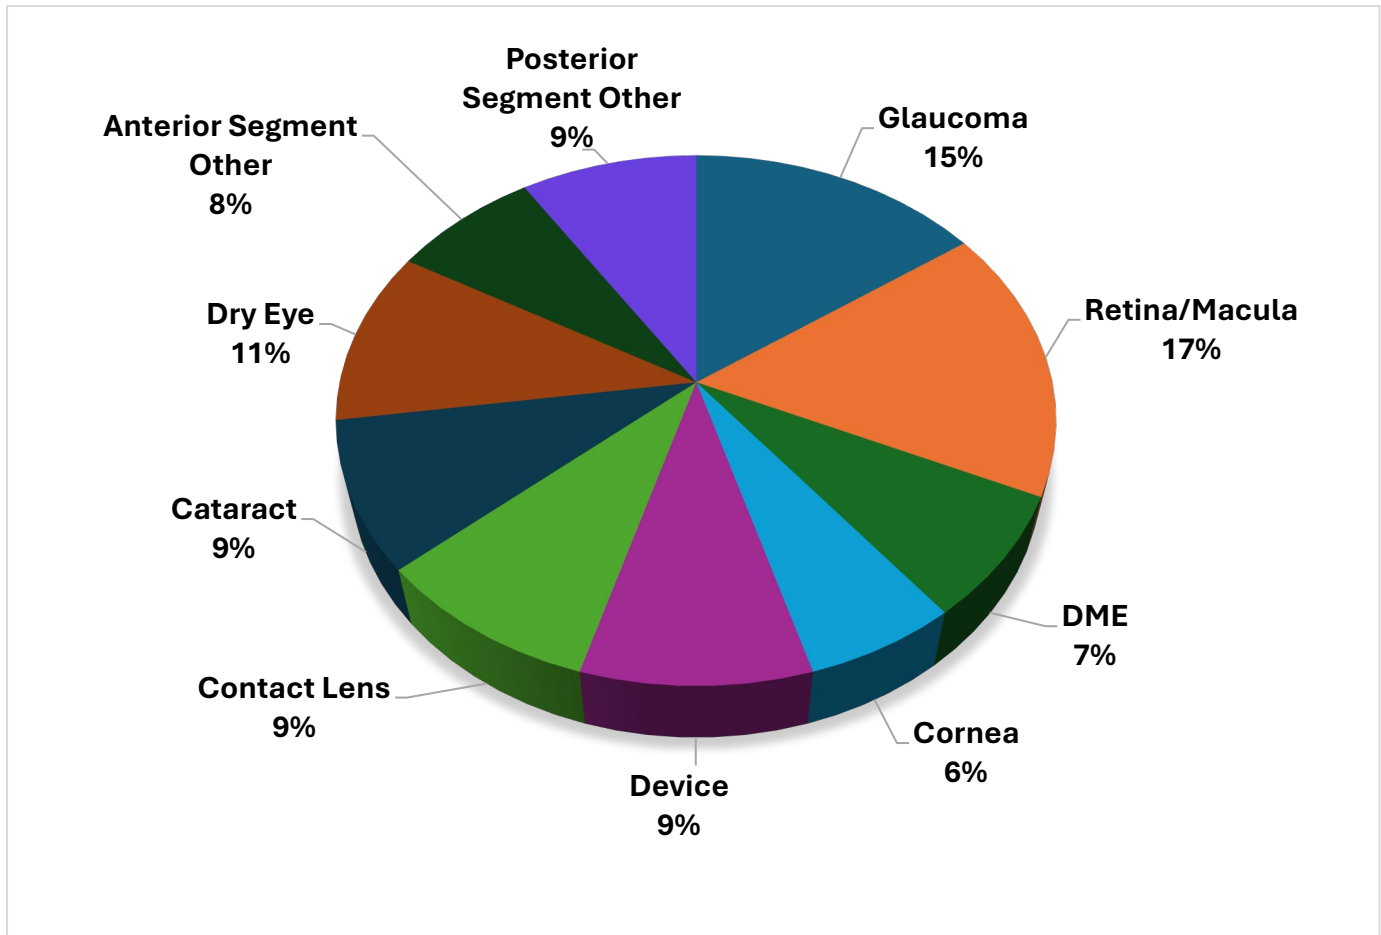

About Us – Key Points

Lasting Commitment and Expertise in Ophthalmology: PRN began as an ophthalmic clinical practice with a strong research interest, and over time transitioned into the leading clinical CRO focused solely on ophthalmic solutions for suffering patients. PRN's journey to success has been underpinned by our professional team members with deep ophthalmic understanding, with each

individual averaging over 15 years' experience. This expertise ensures high-quality management and execution of clinical trials across all ophthalmic indications.

Team Experience Graph

Comprehensive Services: PRN offers a wide range of services, including project startup, clinical monitoring, site and sponsor auditing, regulatory support, pharmacovigilance, medical monitoring, and medical writing. These services are designed to support clients from study conception through to completion.

Global Reach: With over 500 known sites across all 50 US states and a global network of professionals, PRN ensures optimal site selection and effective trial management.

Unsurpassed Trial Management and Dedication: Your dedicated Project Manager will work tirelessly to manage your project efficiently and effectively from start to finish.

Outstanding Ethics: PRN's strong ethical foundation is underpinned by sustained values guiding all aspects of operations. PRN prioritizes integrity and ethical conduct in every part of their work, ensuring trust and reliability in their partnerships.

Excellence in Service, Advice, and Communication: PRN prides itself on providing excellent client and site communications. Their leadership and study teams offer up-to-date advice and address questions and concerns quickly and comprehensively. PRN is dedicated to seeing studies through to their completion, providing continuity and unwavering dedication end-to-end service.

In Summary

PRN Pharmaceutical Research Network, LLC has firmly established itself as the leader in ophthalmic clinical research through unparalleled expertise, ethical practices, and a commitment to excellence. With decades of experience, an exceptional team, and a global reach, PRN continues to be the trusted partner for delivering high-quality clinical trials. By leveraging their comprehensive services and unwavering dedication, PRN ensures success in advancing ophthalmic research and improving patient care worldwide.
